EUROPEAN
COMMISSION

Community Research

Tentative Timing for FP8

- **Communication on the 'Innovation Union' - 6 Oct. 2010**
- **First political consultation paper for FP8 - Spring 2011**
- **Extensive consultation process**
- **Commission proposal for FP8: late 2011 or early 2012**
- **Final decisions - implementation of FP8 starts in 2014**

FP8 name ??, AAT budget – we should fight for it !!

Assessment of Aeronautics and Air Transport Research the FPs

- **Our own self-assessment above all....dissemination**
- **Commission launched this year a mid-term review of FP7, including joint undertakings as 'Clean Sky',**
- **The findings will be used for a preliminary "Impact assessment towards FP8".**
- **For the Aeronautics the Commission has stimulated two assessment studies:**
 - **MEFISTO performed an impact assessment related to policy and programme objectives of FP5 and FP6.**
 - **AGAPE addressed more the technological impacts of projects financed through FP5 and FP6 and by national programmes versus the SRA goals.**

EUROPEAN
COMMISSION

Community Research

EU-Japan Collaboration

- **Tentative - Joint call in 2012 FP6 AAT call**
- **EU and Japanese Aeronautics Industries – expressed their interest for RTD collaboration**
- **The Commission will shortly invite the Aeronautics Research Centres and Universities (EREA, EASN)**
- **Topics – priorities**
- **Deadline: early Dec 2010**
